

Single-Use BioProcess Systems

Single-Use Bags 50 ml to 3,000 liters

Validated Materials • Proven Designs • Leading Service

Capabilities

- cGMP manufacturer
- QSR and ISO 9001:2008 compliant
- Certified ISO class 7 clean room
- Validated materials, processes and designs
- Fast delivery

Custom products to meet your timeline

Single-Use BioProcess Systems

- Consultative customized solutions
- Standard product from stock 50 ml to 500 liters
- Industry-leading materials and components
- Sterilized by gamma irradiation (SAL 10^{-6})
- Full validation information
- Delivery assurance

Small Volume Bags

50 ml to 20 liters

- Integrated handle
- Integrated hanging capability
- Needle-free sampling port
- May be used with sterile welder
- Available as manifold system

Bags for Cylindrical Tanks

50 liters to 750 liters

- 2D and 3D designs
- Top or bottom drain
- Available as liner
- Recirculation loops
- Available as manifold system

Bags for Rectangle Tanks

50 liters to 3,000 liters

- Designed to fit your existing tank
- Top or bottom drain
- Available with 1" ID tubing
- Recirculation loops
- Integrated sampling systems

From Design to Delivery

We Provide Quality Products Tailored to Your Exacting Specifications

For more than four decades, Saint-Gobain Performance Plastics and its family of companies have supplied the world with innovative, high-performance polymer products for the most demanding applications. Our tradition of excellence goes back almost 350 years through our parent company, Compagnie de Saint-Gobain, one of the world's top 100 industrial corporations, with operations in 64 countries. This successful corporation has been built with the single purpose of serving the customer and a commitment to quality and leadership in each of the industries served.
